

For the week of: \_\_\_\_\_

Put a tick for each “standard time slot” (e.g. 15 minute slots booked for both external and internal appointments).

**External:** All appointments other than internal  
**Internal:** Patient appointments initiated by a provider

		Number of Standard Time Slots (e.g. 15 min)						
Data Type		Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday
Provider 1	External							
	Internal							
Provider 2	External							
	Internal							
Provider 3	External							
	Internal							
Provider 4	External							
	Internal							
Provider 5	External							
	Internal							

**NOTE:** When counting demand, count demand for the requested provider even if that provider is unavailable that day and the patient is seen by someone else in the clinic. This is still demand for the requested provider.
